During this virtual session we would like to hear from staff regarding the following:

- Existing practices and innovations that have helped you or your peers excel professionally.
- Ways in which anti-blackness has impeded the ability of you and/or your peers to advance in your career(s).
- Research or actions you think should be implemented or enhanced to support the recruitment, retention and advancement of black staff at UC Davis.

This event is co-sponsored by DEI's Institute for Diversity, Equity and Advancement (IDEA), Staff Diversity Administrative Advisory Committee (SDAAC), Staff Assembly, and by the African American Staff and Faculty Association (AAFSA)
