

# EMERGENCY COMMUNICATION

## Safety is a top priority.

UC Davis has a comprehensive emergency management program and its own police and fire departments.

The university is prepared to distribute lifesaving and other important information in emergencies.

## Make a 911 call.

### Davis Campus

All emergency calls:  
911 or 530-752-1230

### Sacramento Campus

All emergency calls:  
911 or 916-734-2555

## Learn More.

Learn more about Davis campus safety and emergency readiness at [emergency.ucdavis.edu](https://emergency.ucdavis.edu).

## Sign up for personal alerts.

UC Davis uses UC Davis WarnMe and Aggie Alert messages to provide faculty, staff, students and others with timely information during emergencies and other urgent situations.

### UC Davis WarnMe and Aggie Alert

UC Davis sends WarnMe and Aggie Alert messages by text, email and the Everbridge Mobile app to provide employees, students and other subscribers with timely information and instructions during emergencies and other urgent situations.

WarnMe messages are issued during emergencies that pose an immediate threat to life and safety.

Aggie Alert messages are issued during fast-moving events on and around Davis campus facilities that may cause disruption to normal activities (e.g., tragic impacts, shelter in place).

### CalAlerts

The state of California uses Wireless Emergency Alerts (WEAs) to send concise, text-like messages during emergency situations. To sign up for county notifications, visit [CalAlerts.org](https://CalAlerts.org).

All @ucdavis.edu email addresses are registered. Employees and students can add additional contact methods and update their contact information at [warnme.ucdavis.edu](https://warnme.ucdavis.edu).

Parents, vendors and others without a UC Davis email address can sign up to receive WarnMe and Aggie Alert messages — when issued by text — for the Davis campus by texting UCDAAlerts to 888777.
